

Participant's name: _____ meets the following criteria for discharge from the Mental Health Resource Center's Florida Assertive Community Treatment (FACT) program:

- The participant moved outside of the geographic area of the FACT team's responsibility.
- The participant demonstrated an ability to perform successfully in major role areas (i.e., work social, and self-care) over time without requiring assistance from the FACT team
- The participant requested discharge or chose not to participate in services, despite the team's repeated efforts to develop a recovery plan acceptable to the participant.
- Despite the team's best efforts to provide services, the team has been unable to develop a mutually acceptable recovery plan with the participant. The discharge is initiated by the team based on clinical appropriateness.
- The participant was adjudicated guilty of a felony crime and subsequently sent to a State or Federal prison for a sentence that exceeds one (1) year.
- The participant was admitted to a State mental health treatment facility and has remained in such facility for a period for more than one (1) year, and there is no anticipated date of discharge.
- The participant was admitted to a nursing facility for long term care due to a medical condition, and there is no anticipated date of discharge.
- The participant is deceased.
